

KCHIP Has Your Kids Covered

Health, happiness, opportunity. That's what all parents want for their kids.

Affordability, convenience, accessibility. That's what parents want from their kids' health insurance.

The Kentucky Children's Health Insurance Program is a perfect match for families with children who need coverage. KCHIP helps to get kids healthier and to stay well. All children need access to quality health care services to ensure healthy growth and development. And more families can afford health insurance for their children thanks to KCHIP, which covers everything from essential health services to specialty needs. It's what parents are looking for when their kids need coverage.

Benefits cover doctor visits, immunizations, check-ups, vision and hearing, prescriptions, dental care, mental health services, surgeries, emergencies, hospital stays and more.

Parents know what their kids need. KCHIP delivers the right coverage for the right health care. When you need it, it's there.
